FASD – Strategies and Interventions for the Homeless Sector – Module 8

Fetal Alcohol Spectrum Disorder Training

Training Connections Australia (TCA) The Company

TCA offers a unique workshop experience tailored to meet your needs. For the first time in Australia, TCA is offering training in Fetal Alcohol Spectrum Disorder.

Training is available on prevention; intervention; education, parent support, court systems or a comprehensive overview contained in the pre-requisite for all other modules - Module 1.

We ensure that all our trainers deliver only evidence and wisdom -based material which has been thoroughly researched and endorsed by experts in the specific areas delivered.

Module Summary

- FASD and Homelessness
- How to recognise a person with FASD
- Cognitive and Behavioural Signs of FASD
- Development
- Secondary Disabilities associated with FASD
- General strategies for working with people with FASD
- Case Studies
- Working with families

The cost

One day's training which includes Module 1 and the target module specific for your needs is \$180.00 per person for 10 people including handouts and workbooks.

For fewer than 10 people the cost will be on a per day basis and will be \$1800.00.

This module may include

- All day seminars are the most effective and can include:**
- Video** – A Child for Life
- Activities and energisers**
- Case Studies** - An assessment
- PowerPoint** presentations of facts and statistics
- Workbooks** with detailed discussion and assessments
- Interactive exercises**
- CAPD test** to experience Central Auditory Processing Disorder

Facilitators:

All facilitators are qualified and experienced in the delivery of training on FASD.

This module has been adapted with permission from the training manual FASD@Street Level written and/or prepared by Dr. Brenda Stade, RN, St. Michael's Hospital; Karen Clark, St. Michael's Hospital and Danielle D'Agostino, Communication Consultant, Ontario, Canada
