The Secretary/Spokesperson advised that the rffada has successfully collaborated with Training Connections Australia (TCA) to develop and deliver modules of FASD training around Australia. Training Connections Australia is a registered training organisation and is a sister company of TCA and has agreed to take over the financials for the rffada.

The rffada will now be applying for funding as a not for profit health charity with DGR status. This will be a primary role of the rffada now – to identify and apply for appropriate funding in order to ensure that more people become aware of the condition and how it can be prevented and also to fulfil the rffada's objectives in the constitution.

Elizabeth nominated that the statement be accepted  
Sonia seconded

The date of the next AGM will be advised.

There was no further general business and the meeting closed at 9.25 am.
